

PRELIMINARY

Silicon Sensing Systems reserves the right to make changes without further notice to any products herein. Silicon Sensing Systems makes no warranty, representation or guarantee regarding the suitability of its products for any particular purpose, nor does Silicon Sensing Systems assume any liability arising out of the application or use of any product or circuit, specifically disclaims any and all liability, including without limitation consequential or incidental damages. "Typical" parameters which may be provided in Silicon Sensing Systems data sheets and specifications can and do vary in different applications and actual performance may vary over time. All operating parameters, including "Typicals" must be validated for each customer application by customer's technical experts. Silicon Sensing Systems does not convey any licence under its patent rights nor the rights of others. Silicon Sensing Systems products are not intended for any application in which the failure of the Silicon Sensing Systems product could create a situation where personal injury or death may occur. Should you purchase or use Silicon Sensing Systems products for any such unintended or unauthorised application, Buyer shall indemnify and hold Silicon Sensing Systems and its officers, employees, subsidiaries, affiliates, and distributors harmless against all claims, costs, damages, and expenses, and reasonable legal fees arising out of, directly or indirectly, any claim of personal injury or death associated with such unintended or unauthorised use, even if such claim alleges that Silicon Sensing Systems was negligent regarding the design or manufacture of the part.
